Alexander Banteev

Kaplan International College Bournemouth

Russia

Pre-masters/ Pre-MBA

“I graduated from university in Moscow and decided to come to the UK for my Masters. A Masters from a British university would give me the opportunity to expand my knowledge in certain areas.

“I really like the teachers here. They are great! I like the college too. Bournemouth has the best weather in the UK and is a fun town to study in! Life in the UK can be challenging but is a really interesting experience.

“My friends and family miss me but are proud of what I am doing here. I feel proud of what I have achieved and would recommend Kaplan International College Bournemouth to anyone who wants to have a great study experience abroad and acquire a better level of English”
