HOW TO PREPARE FOR UNIVERSITY OR COLLEGE

1. WHAT DO YOU WANT TO STUDY AT UNIVERSITY?

Selecting a program and institute takes time and consideration. If you have an idea of what you want to study, you should to think about the type of ‘credential’ you want to achieve in Canada. Do you want to graduate with a diploma or a bachelor’s degree? Also think about the different types of education: in general college education is more applied and prepares you for a specific career, whereas university degrees are more academically focused.

2. HOW TO PREPARE YOUR ENGLISH AT KAPLAN

Part of University Placement Service is a free pre-test to determine your level of English. Based on this assessment, Kaplan International estimates the time you need to improve your English to the required level for admission into university or college. Almost all our partners accept completed Kaplan International levels for admission into their programs.

YOUR ENGLISH FOR ACADEMIC PATHWAYS PROGRAM

Your program will consist of a combination of General English and a Specific Skills class. Once you reach the Intermediate level, you have the option to change your General English classes to IELTS Intensive classes. All students must take the English for Academic Pathways (EAP) Specific Skills class upon reaching the Higher Intermediate level.
